Report of Independent Auditor

To the Hanover County School Board
Hanover, Virginia

We have audited the accompanying Summary Statement of Cash Receipts, Disbursements, and Balances (the “financial statement”) of the Hanover County Public Schools’ School Activity Funds (the “School Activity Funds”), as of and for the year ended June 30, 2020, and the related notes to the financial statement.

Management’s Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the cash basis of accounting described in Note 2; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the cash receipts, disbursements, and balances of the School Activity Funds, as of and for the year ended June 30, 2020, in accordance with the cash basis of accounting described in Note 2.

Basis of Accounting

We draw your attention to Note 2 of the financial statement, which describes the basis of accounting. The financial statement is prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statement. The accompanying supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statement. The supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules are fairly stated, in all material respects, in relation to the financial statement as a whole.

A handwritten signature in cursive script that reads "Cherry Berkert LLP".

HANOVER COUNTY PUBLIC SCHOOLS' SCHOOL ACTIVITY FUNDS

NOTES TO THE SUMMARY STATEMENT OF CASH RECEIPTS, DISBURSEMENTS, AND BALANCES

JUNE 30, 2020

Note 1—Description of activity funds

The Hanover County Public Schools' School Activity Funds (the "School Activity Funds") account for all class instructional fees collected and extracurricular activities of the schools. The money received into each school's activity funds must be spent in a way that benefits the students of that school. The Principal at each school is responsible for the records that are maintained for each fund.

Note 2—Basis of accounting

The financial statement has been prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). The only asset recognized is cash and no liabilities are recognized. All transactions are recognized as either cash receipts or disbursements, and noncash transactions are not recognized. The cash basis differs from U.S. GAAP primarily because the effects of outstanding receivables and payables at the date of the financial statement are not included in the financial statement.

Note 3—Cash

Cash is collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act"), wherein banks holding public deposits in excess of amounts insured by the Federal Deposit Insurance Corporation must pledge collateral in the amount of 50% of excess deposits to a collateral pool in the name of the State Treasury Board. The State Treasury Board is responsible for monitoring compliance with the collateralization and reporting requirements of the Act and for notifying local governments of compliance by banks.

Note 4—Related party transactions

During the year ended June 30, 2020, the School Activity Funds made combined payments of approximately \$1,603,000 to Hanover County, Hanover County Public Schools, and other schools within Hanover County for various services provided.

Note 5—Contingencies

During 2020 an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result of the spread of COVID-19, the Hanover County Public Schools (the "Schools") closed schools and moved classes to an online setting on March 13, 2020. For the 2020-2021 school year, the Schools provided parents with the option of in-person or online instruction. It is unknown at this time when classes will return to in person or if classes may transition to full-time remote learning, both of which could impact the receipts and disbursements for an indeterminable time period.
